Dear Parents & Guardians:

We want to let you know that the school went into a modified lockdown today for about an hour and had a police officer present as a precaution to a report that a non-custodial parent made a threat to take his child from the school. The police were able to locate and make contact with the parent and the lockdown was lifted.

We take all reported threats seriously and your child's safety is our first priority. A modified lockdown is when instruction continues inside the building, but students are brought inside from the playground.

If you have any questions related to lockdowns or school safety, please contact our front office at (509) 222-6000.

Sincerely,

Heidi Guizar
Principal
