

Internet | Electronic Device User Agreement

1. I will not give my name, my parents' name, or anyone else in family to anyone I meet online.
2. I will not give out my phone number, school name, address, or any other personal information to anyone I meet online.
3. I must provide all of my social media, email, and application user names and passwords. If I change them, I will notify you.
4. I will not download or install any applications, games or software without asking permission.
5. I will not buy, order, or agree to anything online, nor provide a credit card without first asking permission.
6. I will not fill out any online information that asks for personal information about myself or my family without permission.
7. I will never "befriend" someone on the Internet that is not part of my social circle or family or someone that I do not already have a face-to-face relationship with.
8. I will never write or post anything on the Internet that I do not want my family to see. This includes: hate speech, profanity, revealing or suggestive photos, lewd gesture,s or bullying.
9. If someone sends me any text, direct message or email containing profanity, lewd gestures, pornography or bullying, I will not respond, forward or share the received information and I will tell my parents.
10. I will never call or meet up with someone from the Internet without approval.
11. If someone asks me to do something that I am not supposed to do online, I will notify my parents.
12. I will not keep secrets from my parents about who I am communicating with online.
13. I will respect the house rules for technology and screen time.
14. I understand that having electronic devices is a privilege and if I do not follow the above outlined guidelines, there will be consequences that can include (but not limited to) losing Internet access and my electronic devices.
